

PUMPKIN INVESTIGATION

Make your observations.

	Color	Big or Small	Stem Length
1			
2			
3			
4			
5			

1. Measure height with stacked blocks.
2. Measure the circumference with a tape measurer.
3. Measure weight with a scale.

	Height	Around	Weight

SINK OR FLOAT

Predict whether or not your pumpkins will sink or float in water, then test your theory.
